

VILLA MARIE

Charming and Secluded Luxury Villa

Hidden in the Camaruche region of St. Barth, Villa Marie is a peaceful respite from the outside world. Along with being peaceful, it is very comfortable. Living, cooking, dining, and relaxing areas blend seamlessly together, and the line between indoors and out is a blurry one. It is easy to be swept away by the island's sunshine and cooling breezes.

The main level is located on the first floor. A large sundeck spreads out in front of the living room, which can be opened to enjoy tropical breezes and the view. The living room features comfortable seating, a flat screen TV, books, and a large dining table with seating for 6 guests. Situated off the living room is a kitchen with a breakfast table.

The first bedroom is located on the main floor and accessed from the kitchen. This bedroom offers ocean views, a European

king-size bed, and a large, ensuite bathroom with a shower and dressing area. The master bedroom is situated in front of the large pool on the lower level. This bedroom has a king-size bed, U.S. satellite and Apple TV, a dressing area, and an ensuite bathroom with a shower, which can open to the outside.

At the master bedroom entrance is a small kitchenette, which can serve as a kitchen for the pool area. A deck with ample seating in the sun and shade surrounds the pool. On the other side of the house is a tropical garden with a rock wall and lounge area.

Located behind the pool are two chairs in a perfect setting to enjoy the magnificent views and sunsets.
